

TRIM COVERS

for Steel Panel Radiators RADIK LINE

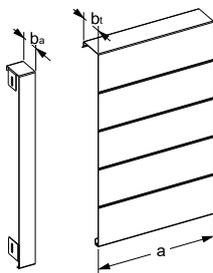

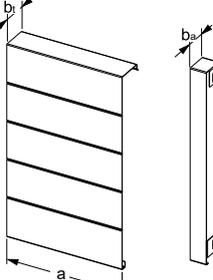

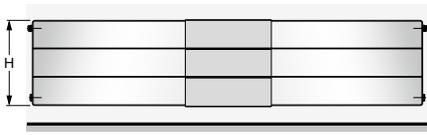

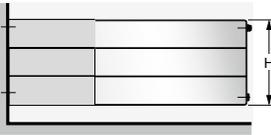

TRIM COVERS

Description

Trim covers are used to cover piping and improve the overall appearance. They are designed for steel panel radiators RADIK in LINE design in several types, right or left version and two different lengths. The recommended overlap between the cover and the radiator is 2 inches.

Trim covers overview – Center Trim, End Trim Left/Right

Center Trim	End Trim Left	End Trim Right
		
		
		
<p>Order code: Z-CT-aa--LTTHXX aa - trim length TT - radiator type HH - radiator height [mm] XX - color code</p> <p>Example for code creation: Z-CT-15--L226010 Center Trim, length 6", for RADIK LINE of type 22, height 23 5/8", white RAL 9016.</p>	<p>Order code: Z-ETVaa--LTTHXX V - version aa - trim length TT - radiator type HH - radiator height [mm] XX - color code</p> <p>Set contains: - Center Trim - Fixing End Adapter Left/Right with mounting material</p>	<p>Example for code creation: Z-ETR30--L336010 End Trim, Right, length 12", for RADIK LINE of type 33, height 23 5/8", white RAL 9016.</p>

Dimensions of Center Trim / End Trim Left/Right

Length a	6" or 12"
Height H	according to radiator height H
Depth b _t	according to depth of radiator type

Trim covers overview – Trim Corner Inside/Outside

Trim Corner Inside		Trim Corner Outside	
Order code: Z-TCI-aabbLTTHHXX aa - trim length bb - trim width TT - radiator type HH - radiator height [mm] XX - color code	Example for code creation: Z-TCI1515L216010 Trim Corner, Inside, length 6", width 6", for RADIK LINE of type 21, height 23 5/8", white RAL 9016.	Order code: Z-TCOaabbLTTHHXX aa - trim length bb - trim width TT - radiator type HH - radiator height [mm] XX - color code	Example for code creation: Z-TCO3030L206010 Trim Corner, Outside, length 12", width 12", for RADIK LINE of type 20, height 23 5/8", white RAL 9016.

Dimensions of Trim Corner Inside

Length a	6" or 12"
Width b	6" or 12"
Height H	according to radiator height H
Depth b_t	according to depth of radiator type

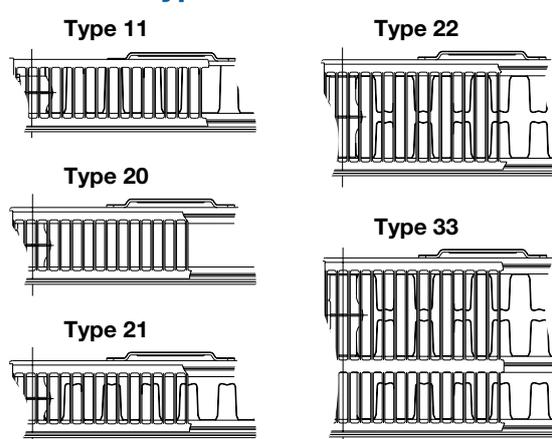

Dimensions of Trim Corner Outside

Length a	6" or 12" (type 11, 20, 21 and 22) 9" or 12" (type 33)
Width b	6" or 12" (type 11, 20, 21 and 22) 9" or 12" (type 33)
Height H	according to radiator height H
Depth b_t	according to depth of radiator type

Accessories – Fixing End Adapter Left/Right

Fixing End Adapter Left/Right	
Order code: Z-EAV-TTHH V - version TT - radiator type HH - radiator height [mm]	Example for code creation: Z-EAR-L1160 Fixing End Adapter, Right, for RADIK LINE of type 11, height 23 5/8".

Radiator type

Dimensions of Fixing End Adapter

Fixing length	2"
Fixing height	according to the radiator height H
Fixing depth b_a	according to depth of radiator type

Set contains:

- Fixing End Adapter Left/Right
- Mounting material
