**SPECIFIC RISKS INHERENT TO THE COMPANY'S ACTIVITY**

The Company's activities expose it to various financial risks, such as market risk (including currency risk, interest rate risk, and other price risk), credit risk and liquidity risk. Management monitors the overall risk exposure and seeks ways to eliminate any potential negative effects on the financial position of the Company, as disclosed in Note 21 to the financial statements.

**RESEARCH AND DEVELOPMENT ACTIVITIES**

The most important part in the area of research and development activity of the Company is the continuing useful collaboration with the parent company. The project completed, directed towards reducing the costs of maintenance and improving the production efficiency and quality and satisfying the customer's requirements towards the products manufactured, is a good example of that collaboration.

The final stage of the rehabilitation of the main production facilities was completed for meeting the criteria of increasing the energy efficiency and achieving better working conditions for the employees in the Company.

The project aiming at replacing materials supplied by the parent company with Bulgarian supplies continues. Successes and positive results have been achieved in this area.
